Behaviour Expectations - Week 4

This week we will... 'Use manners like please, thank you and excuse me.' Using manners is important. When we use our manners we show respect and can achieve academic excellence. Children are always watching, listening and learning from us, an easy way to teach manners is to model the behaviour for them.

Faction Sports Days - Term 3

Students will be able to wear their *faction polo shirts* on the following days for Term 3; Monday for years 3 & 4 Tuesday for years 1 & 2 Friday for years 5,6 & 7

Please read the P&C News as another order will be submitted for the new faction shirts.

PEAC Testing

PEAC testing will be held on Monday 25 August for all year 4 students. PEAC (Primary Extension and Challenge) is a program run for gifted and talented students, the testing is used to identify students within our school suitable for this extension program. If you **do not** wish for your child to participate in this testing, please contact the school on 98811200.

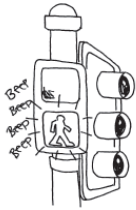

School Photos

School Photos will be held on Wednesday 27 and Thursday 28 August. The payment envelopes are currently being printed in Perth and we should receive them shortly. Each child will bring home an envelope and must bring them, with their payment, **on the day of their photos**. There will be an online payment option once again, and MSP Photography will set up an information desk near the front office on the day of the photos for any questions you may have, queries regarding payment must be made with MSP Photography as it is not handled by the school.

Road rules, signs and signals

Cyclists are allowed to ride on this path. They must keep to the left of the path, ride behind each other, and give way to pedestrians.

Cyclists must get off their bike and then walk across when the green 'walk' man is showing.

This sign lets cyclists know there is a roundabout ahead.

Hand signals should be used to indicate when a cyclist intends to move out of the roundabout.

Cyclists must not cross when the red 'don't walk' man is flashing. If the don't walk signal starts to flash while a cyclist is crossing, they must complete their crossing as quickly as possible, either to the median island or to the side of the road (whichever is closer).

When the traffic warden has blown their whistle and is holding out the flags to stop all other traffic, cyclists can wheel their bike across the road. Pedestrians must also follow the traffic warden's instructions.

This sign indicates that the path or land is only for cyclists.

SAFETY HOUSE

For more information about Safety House WA please look at their website www.safetyhousewa.org.au

Narrogin Primary School would like to encourage the reintroduction of the Safety House Program into the Town of Narrogin. It is hoped that interest will come from volunteers within the community to support this initiative.

The Safety House program is a Community based program of "Good Neighbours" being there to help any young child in need. Some smaller local business premises may also be suitable to become registered Safety Houses in the local community.

The program needs volunteer members of the local community who, after interview and checking, agree to act as a Safety House and be available to help any child in need who comes to their door. There is no cost whatsoever to the Safety Householder and the program is totally voluntary.

Are you interested in becoming a Co-ordinator of the program? Or are you interested in your house becoming a "Safety House"? If you are interested in either of these rolls please contact Mr David Harrison on 9881 1200.
